

GRAVEL

Concrete / Cementos

The glazed porcelain Gravel tile series combines present and future, and is one of Argenta's most extensive and complete collections. It brings together the most advanced technique with an extremely meticulous, refined design.

Inspired by pure Italian Sassi cement, these pieces stand out due to their stone and oxide inlays, and the subtle shine and reliefs that bestow the characteristic industrial look of cement.

They have a pleasant feel and a high matt finish with no reflections. Moreover, this series is available in six harmonious colours, with an anti-slip version, ideal for exteriors that seek continuity. Gravel is a unique, unforgettable collection.

La serie Gravel es un porcelánico esmaltado que aúna presente y futuro, siendo una de las colecciones más amplias y completas de Argenta, es capaz de unir la técnica más avanzada con un diseño extremadamente cuidado y refinado.

Inspirada en el puro cemento Sassi italiano, de sus piezas destacan las incrustaciones de piedras y óxidos, y los sutiles brillos y relieves que le dan ese aspecto industrial tan característico del cemento.

El tacto es agradable y el acabado es un alto mate sin reflejos. Además, esta serie se presenta en seis colores armónicos entre sí, con versión antideslizante, ideal para exteriores que buscan la continuidad. Gravel es una colección única e irrepetible.
