Micro

ITA **Micro.** è un progetto.

Un progetto aperto e in continuo sviluppo che ricerca l'essenza, il minimo comun denominatore. Cerchiamo l'ergonomia, la sintesi, quella piccola cosa che può cambiare davvero la nostra vita in meglio. Hai presente? Un materiale più leggero e resistente, un rivestimento modellabile, non mettendo mai da parte la bellezza, la comodità e l'uso che ne farai. Collaboriamo con i migliori designer al mondo per portare avanti questo progetto perché ci piace sognare un futuro prossimo dove tutto quello che abbiamo intorno sia così.

ENG **Micro.** is an open project, a work in progress.

We search the essence, the lowest common denominator. We search ergonomics, synthesis, that little thing can really change our lives for a better living. Do you know what we mean? A more lightweight and resistant material, a moldable coat for example. Beauty, comfort and the use you're going to make of our products is our primary target. We work with the best designers in the world to carry out this project. We dream a future where all you have around is better than ever.

Match

ITA Un listello rettangolare in grès nei 13 colori Micro. disegna, attraverso molteplici schemi di posa, pavimentazioni e rivestimenti. Utilizzato nei mix cromatici piuttosto che nelle tinte unite, Match crea atmosfere differenti che si adattano ai vari stili ed ambienti dell'abitare. Uno studio accurato sulle fughe e l'utilizzo di stucchi dai colori abbinabili, crea un' ulteriore opportunità estetica che acquista quel sapore senza tempo caro alle collezioni Micro.

ENG A porcelain stoneware rectangular listel in the 13 Micro. colors designs floor and wall coverings through a variety of laying patterns. Used in chromatic mixes rather than solid colours, Match creates different atmospheres that adapt to the various living styles and environments. A careful study of the joints and the use of sealant in matching colours creates an additional aesthetic opportunity that acquires that timeless flavour so dear to the Micro collections.
